

Business Club Presentations

Conference participants will have an opportunity find out more on the newest programs and solutions in the field of electricity distribution by attending Business presentations. Special time slots will be assigned to experts from various Companies, where they will answer any questions and provide participants with any information they may require.

Companies interested in taking advantage of this form of presentation, should contact BBN Congress Management to reserve a time slot for their presentation. During the Conference, promotion is only allowed to those who have made an agreement with BBN in accordance with the Marketing Program of the Conference.

Business Club presentations will take place in the afternoon, between 15:30h-20:00h.

The final schedule for Business Club presentations will be posted on the information board beside the registration desk.
